### LOPE

Andrucha Waddington / 100 min. / 2011

Andrucha Waddington brings famed Spanish playwright Lope de Vega's passionate life to the screen. The young poet returns to Madrid from war and gets his foot in the door of Madrid's most important theatre troupe—quickly charming his boss's daughter. His childhood friend, Isabel de Urbina, also falls under the spell of his poems. So much seduction eventually brings misfortune and he must flee Madrid.
